1. I/O = Introduction and orientation
2. The numbers refer to pages in the book.
3. In the first chapter, each section includes new words, practice exercises, and activities. Refer to the chart to identify the letters that need to be taught in each session. Choose the appropriate new words, practice exercises, and activities that correspond to those letters. Keep in mind that you may need to replace some activities; for instance, activities from a single page may need to be spread out over two different sessions, according to the letters you are teaching.
